EDUCATION

Veer Surendra Sai University of Technology, Burla

2023 - 2025

Master of Computer Application (MCA)

CGPA – 7.26

Utkal University, Bhubaneswar

Bachelor of Science (Chemistry)

CGPA - 7.72

PROJECTS

Job Portal | React JS, Tailwind CSS, ShadCN UI, Supabase, Clerk

- Designed and developed a job portal platform for job seekers and recruiters using React.js, ShadCN UI, and Tailwind CSS, ensuring a responsive and modern user interface.
- Integrated Supabase for backend functionality, providing real-time database updates, secure data management, and API integration.
- Implemented authentication and role-based access control with Clerk, allowing secure login and tailored user experiences for both job seekers and recruiters.

Fitness Exercise App | React JS, Material UI, Rapid API, JavaScript

- Developed a fitness exercise app using React.js and Material-UI, featuring a user-friendly interface and responsive design for seamless accessibility.
- Integrated Rapid API to enable users to search for exercises based on body parts and delivering accurate and dynamic results.
- Implemented YouTube video integration, pulling related workout videos to provide users with visual guides for selected exercises.

Amazon UI Clone | HTML, CSS, JavaScript

- Developed a visually stunning user interface, incorporating HTML5 for structure, CSS3 for styling, and JavaScript for interactive elements.
- Employed responsive design principles, ensuring an optimal viewing experience across a variety of devices and screen sizes.
